Executive Summary

Introduction

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the school community will have a more complete picture of how the school perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school to reflect on how it provides teaching and learning on a day to day basis.

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Our school currently has about 650-670 students over the last three years which includes 54 preschool children. Children receiving free and reduced lunches has increased about 20 % over the last years. Our students with disabilities and varying ethnic backgrounds have stayed consistent. We have 16% of our students have disabilities, 12% are African American. We have a large transient rate compared to other school in the county. We have between 100-120 transfer in and out during the school year.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.

The mission statement is "We are caring cardinals, we are here to learn teach and succeed together, we will do our best every day.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

The following are notable achievements of the last 3 years.

National Distinguished Title One School

Governors Award for Academic Excellence

Our school is working toward increasing the use of the Math coach across all grade levels. This includes co-teaching and planning together. With 4th grade co-teaching and planning last year, the 4th grade team saw 99% of the students pass the Math SOL.

Another area of improvement is Reading, specifically students with disabilities. The school recently purchased complete LLI kits for special education teachers and title one teachers. These interventions will be used as a double dip of reading for students below grade level in reading.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

There is no additional information to share.

Self Assessment

Introduction

AdvancED's Self Assessment (SA) diagnostic is based on the AdvancED Standards of Quality, which serves as the foundation of the accreditation and continuous improvement process. The SA is a valuable tool for collaboratively engaging staff members and stakeholders in purposeful, honest dialogue and reflection to assess the institution's adherence to the Standards, and guide its continuous improvement efforts. The SA includes the institution's self-ratings of and the evidence cited for each of the indicators, comments that explain the indicator's ratings and an overall narrative for each Standard. The results of the SA are reviewed by the External Review Team as one essential component of the preparation process for the institution's External Review.

Standard 1: Purpose and Direction

The school maintains and communicates a purpose and direction that commit to high expectations for learning as well as shared values and beliefs about teaching and learning.

Overall Rating: 3.0

Indicator	Statement or Question	Response	Evidence	Rating
1.1	The school engages in a systematic, inclusive, and comprehensive process to review, revise, and communicate a school purpose for student success.	The school's process for review, revision, and communication of the purpose statement is documented. The process is formalized and implemented on a regular schedule. The process includes participation by representatives from all stakeholder groups. The purpose statement focuses on student success.	<ul style="list-style-type: none"> •Purpose statements - past and present 	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
1.2	The school's leadership and staff commit to a culture that is based on shared values and beliefs about teaching and learning and supports challenging, equitable educational programs and learning experiences for all students that include achievement of learning, thinking, and life skills.	Commitment to shared values and beliefs about teaching and learning is evident in documentation and decision making. This commitment is regularly reflected in communication among leaders and staff. Challenging educational programs and equitable learning experiences are implemented so that all students achieve learning, thinking, and life skills necessary for success. Evidence indicates a commitment to instructional practices that include active student engagement, a focus on depth of understanding, and the application of knowledge and skills. School leadership and staff share high expectations for professional practice.	<ul style="list-style-type: none"> •Survey results •The school's statement of purpose 	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
1.3	The school's leadership implements a continuous improvement process that provides clear direction for improving conditions that support student learning.	School leaders implement a documented, systematic continuous improvement process for improving student learning and the conditions that support learning. All stakeholder groups are engaged in the process. School personnel maintain a profile with current and comprehensive data on student and school performance. The profile contains analyses of data used to identify goals for the improvement of achievement and instruction that are aligned with the school's purpose. Improvement goals have measurable performance targets. The process includes action planning that identifies measurable objectives, strategies, activities, resources, and timelines for achieving improvement goals. School leaders hold all school personnel accountable for and evaluate the overall quality of the implementation of all interventions and strategies. The process is reviewed and evaluated. Documentation that the process yields improved student achievement and instruction is available and communicated to stakeholders.	<ul style="list-style-type: none"> •Survey results •The school data profile •Agenda, minutes from continuous improvement planning meetings •Communication plan and artifacts that show two-way communication to staff and stakeholders •The school continuous improvement plan 	Level 3

Reflect upon your responses to each of the indicators and performance levels by considering and responding to the following questions when drafting your narrative response. Use language from the performance level descriptions to guide your writing. Cite sources of evidence External Review team members may be interested in reviewing.

Our Strength is the school's leadership implements a continuous improvement process that provides clear direction for improving conditions that support student learning. This can be seen through documented meetings in school improvement and by reading the school improvement plan. The school could improve on documenting the process of creating a mission and vision. To sustain our area of strength we are continuing what we already do, including meetings twice a nine weeks to discuss every student in the school.

Standard 2: Governance and Leadership

The school operates under governance and leadership that promote and support student performance and school effectiveness.

Overall Rating: 2.67

Indicator	Statement or Question	Response	Evidence	Rating
2.1	The governing body establishes policies and supports practices that ensure effective administration of the school.	Policies and practices support the school's purpose and direction and the effective operation of the school. Policies and practices promote effective instruction and assessment that produce equitable and challenging learning experiences for all students. There are policies and practices regarding professional growth of all staff. Policies and practices provide requirements, direction for, and oversight of fiscal management.	<ul style="list-style-type: none"> •Student handbooks •Governing body policies, procedures, and practices •Staff handbooks •School handbooks 	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
2.2	The governing body operates responsibly and functions effectively.	The governing body ensures that its decisions and actions are in accordance with defined roles and responsibilities, are ethical, and free of conflict of interest. 3.4	School leaders monitor and support the improvement of instructional practices of teachers to ensure student success.	School leaders monitor instructional practices through supervision and evaluation procedures to ensure that they 1) are aligned with the school's values and beliefs about teaching and learning, 2) are teaching the approved curriculum, 3) are directly engaged with all students in the oversight of their learning, and 4) use content-specific standards of professional practice.	<ul style="list-style-type: none"> •Recognition of teachers with regard to these practices •Administrative classroom observation protocols and logs 	Level 2

Indicator	Statement or Question	Response	Evidence	Rating
3.5	Teachers participate in collaborative learning communities to improve instruction and student learning.	All members of the school staff participate in collaborative learning communities that meet both informally and formally. Collaboration often occurs across grade levels and content areas. Staff members have been trained to implement a formal process that promotes discussion about student learning. Learning from, using, and discussing the results of inquiry practices such as action research, the examination of student work, reflection, study teams, and peer coaching occur regularly among most school personnel. School personnel indicate that collaboration causes improvement results in instructional practice and student performance.	<ul style="list-style-type: none"> •Common language, protocols and reporting tools •Calendar/schedule of learning community meetings •Peer coaching guidelines and procedures •Examples of improvements to content and instructional practice resulting from collaboration 	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.6	Teachers implement the school's instructional process in support of student learning.	Most teachers use an instructional process that informs students of learning expectations and standards of performance. Exemplars are sometimes provided to guide and inform students. The process may include multiple measures, including formative assessments, to inform the ongoing modification of instruction. The process provides students with feedback about their learning.	<ul style="list-style-type: none"> •Examples of learning expectations and standards of performance •Examples of assessments that prompted modification in instruction 	Level 2

Indicator	Statement or Question	Response	Evidence	Rating
3.7	Mentoring, coaching, and induction programs support instructional improvement consistent with the school's values and beliefs about teaching and learning.	Some school personnel are engaged in mentoring, coaching, and induction programs that are consistent with the school's values and beliefs about teaching, learning, and the conditions that support learning. These programs set expectations for school personnel.	<ul style="list-style-type: none"> •Records of meetings and walk thrus/feedback sessions •Professional learning calendar with activities for instructional support of new staff •Descriptions and schedules of mentoring, coaching, and induction programs with references to school beliefs and values about teaching and learning 	Level 2

One strength of the school is that the school provides and coordinates learning support services to meet the unique learning needs of students. We systematically meet on each student and consult with those providing interventions to assess what is working and what is not. Additionally, these interventionist are receiving services to better implement new strategies and programs to raise student achievement. One weaknesses is mentoring and coaching of teachers. We have a math coach who does a great job coaching teachers in grades 3-5. We are now working to have her collaborate and coach with teachers in every grade level. In addition, the reading specialist is now taking on a new role as a coach.

Standard 4: Resources and Support Systems

The school has resources and provides services that support its purpose and direction to ensure success for all students.

Overall Rating: 3.0

Indicator	Statement or Question	Response	Evidence	Rating
4.1	Qualified professional and support staff are sufficient in number to fulfill their roles and responsibilities necessary to support the school's purpose, direction, and the educational program.	Clearly defined policies, processes, and procedures ensure that school leaders have access to, hire, place, and retain qualified professional and support staff. School leaders use a formal, systematic process to determine the number of personnel necessary to fill all the roles and responsibilities necessary to support the school purpose, educational programs, and continuous improvement. One strength of MES is the referral and IEP processes. Parents and staff work together to monitor children, refer, and come together as a team to assess how to best help the student. One weakness noted from the staff was technology. Everything teachers do is now digital, from grade-books to IEP's, yet teachers are not provided a computer to do this. MES has smart-boards and projectors in every classroom.

Standard 5: Using Results for Continuous Improvement

The school implements a comprehensive assessment system that generates a range of data about student learning and school effectiveness and uses the results to guide continuous improvement.

Overall Rating: 3.0

Indicator	Statement or Question	Response	Evidence	Rating
5.1	The school establishes and maintains a clearly defined and comprehensive student assessment system.	School personnel maintain and consistently use a comprehensive assessment system that produces data from multiple assessment measures, including locally developed and standardized assessments about student learning and school performance. One area of strength is the school's assessment. MES uses a variety of assessment tools to determine how the students are doing in the classroom. One area of weakness is analyzing the data. Teachers take a lot of data on students, but not every teacher always knows what to do with the data. The administration team meets with them and looks over the data to help problem-solve.

Stakeholder Feedback Diagnostic

Introduction

The Stakeholder Feedback Diagnostic is designed to analyze the institution's survey results in terms of areas of achievement and areas that need improvement. Further, the diagnostic is essential to the accreditation and continuous improvement processes in that it provides the institution with a comprehensive view of the aggregate scores of the surveys administered, and the actual total of respondents for each survey type to derive a single score for this diagnostic. The performance level score computed at the completion of the diagnostic is used to broaden and enhance the external review team's understanding of the stakeholder's perceptions of the institution; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

Which area(s) indicate the overall lowest level of satisfaction or approval?

2.2 The governing body operates responsibly and functions efficiently.

2.3 The governing body ensures that the leadership at all levels ha the autonomy to meet the goals for achievement and instruction and to manage day-to-day operations effectively.

4.2 Instructional time, material resources, and fiscal resources are sufficient to support the purpose and direction of the system, individual schools, educational programs, and system operations.

Which area(s) show a trend toward decreasing stakeholder satisfaction or approval?

4.3 The system maintains facilities, services, and equipment to provide a safe, clean, and healthy environment for all staff and students.

What are the implications for these stakeholder perceptions?

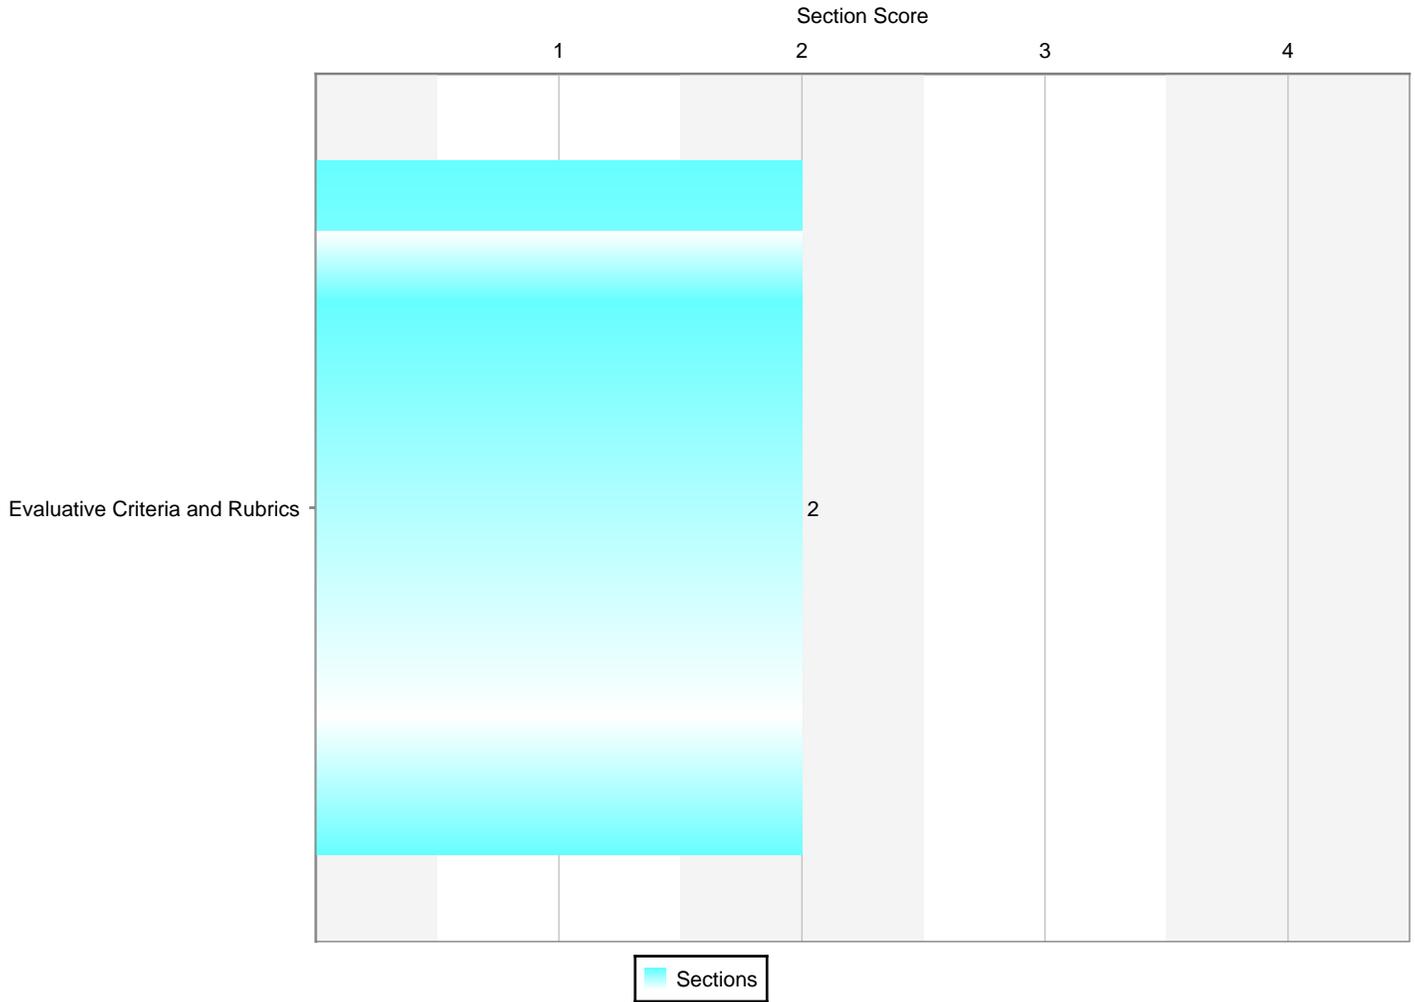

Stakeholders voice concerns about aging buildings, the ability to provide current technology for instruction, and the lack of custodial help.

Which of the above reported findings are consistent with findings from other stakeholder feedback sources?

4.2, 4.3

Student Performance Diagnostic

Introduction

The Student Performance Diagnostic provides an institution with a process to report summative student assessments. This diagnostic is significant to the accreditation and continuous improvement process as it serves as a resource for schools to view content area assessment results required by the state, district, or other entities, determine the quality and reliability of the given assessments, and show the alignment of the assessments to the school's curriculum. The performance level computed at the completion of the diagnostic is used by the external review team as a comprehensive report to understand fully the institution's assessment program; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

Evaluative Criteria and Rubrics

Overall Rating: 3.25

	Statement or Question	Response	Rating
1.	Assessment Quality	The array of assessment devices used by the institution to determine students' performances is sufficiently aligned so that valid inferences can be reached regarding students' status with respect to the majority of those curricular aims regarded as high-priority instructional targets. The documentation provided in support of this alignment is relatively persuasive. Most of the assessments used are accompanied by evidence demonstrating that they satisfy accepted technical requirements.	Level 3

	Statement or Question	Response	Rating
2.	Test Administration	All the assessments used by the institution to determine students' performances, whether externally acquired or internally developed, have been administered with complete fidelity to the administrative procedures appropriate for each assessment. In every instance, the students to whom these assessments were administered are accurately representative of the students served by the institution. Appropriate accommodations have been provided for all assessments so that valid inferences can be made about all students' status with respect to all of the institution's targeted curricular outcomes.	Level 4

	Statement or Question	Response	Rating
3.	Quality of Learning	Evidence of student learning promoted by the institution is acceptably analyzed and presented with reasonable clarity. In comparison to institutions functioning in a similar educational context, students' status, improvement, and/or growth evidence indicates that the level of student learning is at or above what would otherwise be expected.	Level 3

	Statement or Question	Response	Rating
4.	Equity of Learning	Evidence of student learning indicates achievement gaps exist among subpopulations of students, and these achievement gaps have noticeably declined.	Level 3

Areas of Notable Achievement

Which area(s) are above the expected levels of performance?

Compared to AMO expectations in Math, the following subgroups exceeded expectations: All students, GG1, GG2, SpEd, Econ. Dis., and White

Compared to AMO expectations in Reading, the following subgroups exceeded expectations: All students, GG1, GG2, Econ. Dis., and White

Describe the area(s) that show a positive trend in performance.

In Math, 3rd and 4th grade scores have increased or stayed the same every year since 2012, including a 99% pass rate for 4th grade students on the Math SOL last year.

Overall in Reading, the percentage of students who passes the SOL in reading went up 3% from 2014 to 2015.

Which area(s) indicate the overall highest performance?

4th grade math in the 2015-2016 school year had 99% of the students pass the SOL.

Which subgroup(s) show a trend toward increasing performance?

In reading, GG2 pass rate rose 17% from 2014-2015.

In Math: Economically Dis rose 11% from 2014-2015

GG1 rose 9% from 2014-2015

GG2 rose 27%

GG3 rose 9% from 2014-2015

Between which subgroups is the achievement gap closing?

In reading, GG2 and White students

In Math, Econ Dis is closing the gap with White students, GG 2 has evened out with White students, and GG3 has surpassed White students.

Which of the above reported findings are consistent with findings from other data sources?

All of them have been seen through benchmark testing and other school assessments.

Areas in Need of Improvement

Which area(s) are below the expected levels of performance?

SpEd Reading scores fell below AMO requirements.

Describe the area(s) that show a negative trend in performance.

In reading, students with disabilities and GG3 show a negative trend in performance.

In math there were no negative trends.

Which area(s) indicate the overall lowest performance?

Reading for students with disabilities.

Which subgroup(s) show a trend toward decreasing performance?

Students with disabilities in reading and GG3 in reading.

Between which subgroups is the achievement gap becoming greater?

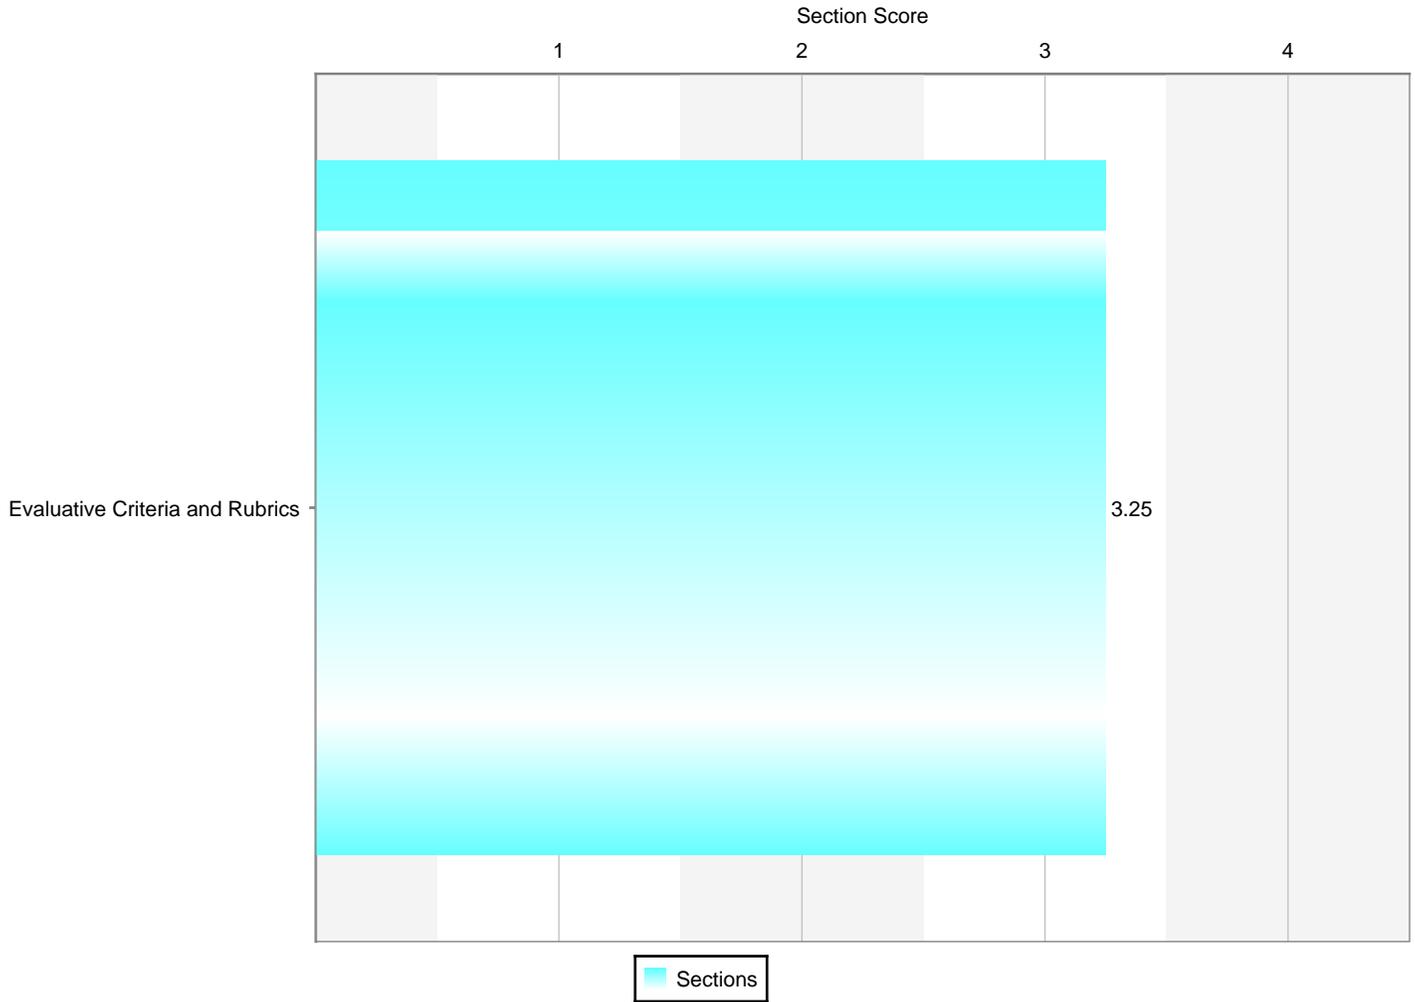

Reading students with disabilities and GG3

Which of the above reported findings are consistent with findings from other data sources?

They are both consistent.

AdvancED Assurances

Introduction

AdvancED Policies and Procedures outline certain requirements that all institutions must meet in order to be in compliance. Institutions are required to verify whether or not they meet these requirements by answering a series of questions and in some cases, attaching evidence for review.

By responding to the questions in ASSIST and attaching evidence when required, the institution has verified whether it meets or does not meet each of the Assurances for Accreditation.
